Description

With only 34,832 miles on the clock, this 2021 Volkswagen Touareg TDI V6 Black Edition offers an exceptional opportunity to own a nearly new vehicle. As a Volkswagen manufacturer-approved model, this four-wheel-drive vehicle boasts a 3.0L diesel engine and meets Euro 6 emission standards. The Black Edition trim enhances its appeal, while features such as IQ Light - LED Premium Matrix Beam Headlights with Intelligent Light Modes, Dynamic Light Assist, Dynamic Indicators, and Dynamic Rear Tail Lights ensure optimal visibility and a modern aesthetic. Adaptive Cruise Control, including Front Assist with Radar Sensor Controlled Distance Monitoring System, provides a safer and more relaxed driving experience. The inclusion of a panoramic sunroof and keyless entry with hands-free tailgate opening

adds convenience and luxury. Parking is made easy with front and rear ultrasonic sensors that provide both optical and audible assistance.

This Touareg stands out with its impressive towing capacity of 3500 kg, making it ideal for those with substantial towing needs. The vehicle's acceleration, reaching 0-62mph in just 6.3 seconds, demonstrates its sporty performance, setting it apart from other similar vehicles. Furthermore, its low insurance group means it may be more economical to insure than other vehicles in its class. The large boot space offers practicality for families and those requiring ample storage.
