Description

With only one previous owner, this 2025 Volkswagen Passat TSI eHybrid R-Line is a superb example of a modern plug-in hybrid. As a Volkswagen manufacturer-approved vehicle, this Passat combines a 1.5L petrol engine with electric power, meeting Euro 6 emission standards. The R-Line trim adds a sporty edge, both in appearance and feel.

The vehicle boasts several features designed to enhance your driving experience. The leather-wrapped, heated, multi-function sports steering wheel with touch control and shift paddles provides comfort and control, especially with the added benefit of a heated steering wheel. Parking is made easy with Park Assist and Park Distance Control, including

front and rear sensors. The NCAP Pack, complete with Adaptive Cruise Control, ensures a safer and more relaxed journey. Heated front seats offer additional comfort, while the LED High Matrix Headlamps with Advanced High-Beam Control and Dynamic Light Assist provide excellent visibility, marking this vehicle as a step above the standard.

Purchasing a new vehicle can sometimes be a very stressful process, not with Marshall Volkswagen!

Enquire on one of our vehicles and one of professional members of the sales team will pick up your enquiry. You will then receive a personalised video of the vehicle showing you all of the features and benefits of that particular vehicle which are important to you. Nothing is ever too much for us, we will always go over and above for our customers.

You also want that peace of mind that the vehicle of interest is a quality, safe and reliable vehicle? All vehicles undergo a comprehensive series of stringent tests and inspections, HPI checks, bodywork checks along with a comprehensive warranty provided.

30-day / 1, 000 mile satisfaction guarantee

12-month unlimited mileage warranty

12-month Volkswagen Assistance

Carefully selected and verified with over 150 checks
