Description

Volkswagen Golf 1.5 TSI EVO 150 SE 5dr With exceptionally low mileage for its year, this 2018 Volkswagen Golf is a particularly attractive offering. As a Volkswagen manufacturer-approved vehicle, this Golf SE boasts a 1.5L petrol engine and meets Euro 6 emission standards. The vehicle includes a host of features designed for comfort and convenience, such as manual air conditioning and an automatic headlight function thanks to the convenience pack and dusk sensor. Navigating busy streets is made easier with front and rear parking sensors, while longer journeys are simplified with adaptive cruise control.

The Golf's large boot space makes it more practical than similar vehicles in its class, offering ample room for luggage or shopping. Furthermore, acceleration from 0-60mph in just 8.0 seconds means that it is quicker than many comparable cars, providing a responsive and engaging driving experience. This

combination of features and performance makes this
Volkswagen Golf a compelling choice for discerning drivers.
