#### Description

With only one owner and very low mileage for its age at just 33067 miles, this 2014 Skoda Octavia is a rare find. As a TSI SE model with the SE trim, it features a 1.2L petrol engine. The car is equipped with practical features such as a variable boot floor and rear parking sensors, including parking assistance. For enhanced comfort, it also boasts dual-zone climate control and Bluetooth connectivity.

This Octavia stands out with its impressive fuel economy of 55 mpg, meaning fewer trips to the petrol station and more money in your pocket. It also falls into a low insurance group, offering potential savings on your premiums. The vehicle also benefits from a large boot space, making it ideal for families or anyone needing extra room for luggage or shopping. Furthermore, its low CO2 emissions contribute to reduced road tax and a smaller environmental footprint.
