Description

With only one previous owner and very low mileage of just 6592 miles for a 2023 registration, this Volkswagen Polo EVO Life is a superb example. The Polo, with its efficient 1.0L petrol engine and Euro 6 emission class, is further enhanced by the Life trim and benefits from being Volkswagen manufacturer approved. Equipped with the Light and Sight Pack, it features automatic headlight control with LED separate daytime running lights and a coming home-leaving home feature. Parking is made easier with rear parking sensors, and the manually controlled air conditioning system ensures a comfortable environment. The Ready 2 Discover infotainment system, complete with Bluetooth, keeps you connected on the move.

This Polo stands out with its impressive fuel economy of 54 mpg, meaning lower running costs compared to similar vehicles. The low insurance group also contributes to affordability, making it an attractive option for many drivers. In addition, the large boot space offers practicality, providing

ample room for luggage, shopping, or equipment.

Purchasing a new vehicle can sometimes be a very stressful process, not with Marshall Volkswagen!

Enquire on one of our vehicles and one of our professional members of the sales team will pick up your enquiry. You will then receive a personalised video of the vehicle showing you all of the features and benefits of that particular vehicle which are important to you. Nothing is ever too much for us, we will always go over and above for our customers.

You also want that peace of mind that the vehicle of interest is a quality, safe and reliable vehicle? All vehicles undergo a comprehensive series of stringent tests and inspections, HPI checks, bodywork checks along with a comprehensive warranty provided.

30-day / 1, 000 mile satisfaction guarantee

12-month unlimited mileage warranty

12-month Volkswagen Assistance

Carefully selected and verified with over 150 checks

Latest software upgrades
