Description

With only one previous owner and low mileage for its age, this 2022 Volkswagen Polo Life is a superb example of a well-cared-for vehicle. As a Volkswagen manufacturer-approved model, this Polo comes with the reassurance of quality and reliability. The 1.0L petrol engine meets Euro 6 emission standards, and the car is equipped with a range of features designed to enhance your driving experience, including front and rear parking sensors with parking assistance, manually controlled air conditioning, adaptive cruise control, a light and sight pack with automatic headlights, and LED headlights.

This Polo stands out with its impressive fuel economy of 55 mpg, meaning lower running costs compared to similar vehicles. The car also boasts a low insurance group, potentially saving you money on your premiums. The large boot space offers practicality for shopping trips or holidays, and the low CO2 emissions contribute to reduced road tax and environmental impact. Acceleration from 0-62mph takes just 10.8 seconds, offering a balance of performance and

efficiency.

Purchasing a new vehicle can sometimes be a very stressful process, not with Marshall Volkswagen!

Enquire on one of our vehicles and one of our professional members of the sales team will pick up your enquiry. You will then receive a personalised video of the vehicle showing you all of the features and benefits of that particular vehicle which are important to you. Nothing is ever too much for us, we will always go over and above for our customers.

You also want that peace of mind that the vehicle of interest is a quality, safe and reliable vehicle? All vehicles undergo a comprehensive series of stringent tests and inspections, HPI checks, bodywork checks along with a comprehensive warranty provided.

30-day / 1, 000 mile satisfaction guarantee

12-month unlimited mileage warranty

12-month Volkswagen Assistance

Carefully selected and verified with over 150 checks
