Description

Volkswagen Polo 1.0 TSI R-Line 5dr With only one owner and very low mileage of just 7760 miles for a 2022 registration, this Volkswagen Polo 1.0L Petrol TSI R-Line is a superb example of a well-cared-for vehicle. As a Volkswagen manufacturer-approved model in the sporty R-Line trim, this Polo also boasts several desirable features. Adaptive Cruise Control makes long journeys a breeze, while the Air Care Climatronic air conditioning system ensures a comfortable environment for both driver and passengers. Parking sensors at the front and rear simplify maneuvering in tight spots, and High Beam Assist enhances visibility on dark roads. The Ready 2 Discover infotainment system, complete with Bluetooth connectivity, keeps you entertained and connected on the go.

This Polo stands out with its impressive fuel economy of 54

mpg, meaning fewer trips to the petrol station and more money in your pocket. The large boot space is another advantage, offering ample room for luggage, shopping, or whatever you need to transport. Furthermore, its low CO2 emissions mean you can drive with a clear conscience, knowing you're doing your bit for the environment. The car can accelerate from 0-62mph in 10.8 seconds.
