apart from many other electric vehicles. Furthermore, the generous boot space ensures practicality for everyday use and weekend getaways. Charging is also convenient, with a full charge at home taking approximately 9 hours 30 minutes on a 7kW charger, and a rapid public charge from empty to 80% achievable in just 37 minutes.

Purchasing a new vehicle can sometimes be a very stressful process, not with Marshall Volkswagen!

Enquire on one of our vehicles and one of our professional members of the sales team will pick up your enquiry. You will then receive a personalised video of the vehicle showing you all of the features and benefits of that particular vehicle which are important to you. Nothing is ever too much for us, we will always go over and above for our customers.

You also want that peace of mind that the vehicle of interest is a quality, safe and reliable vehicle? All vehicles undergo a comprehensive series of stringent tests and inspections, HPI checks, bodywork checks along with a comprehensive warranty provided.
