Description

This 2024 Skoda Kamiq TSI SE is a truly exceptional example, boasting an incredibly low mileage of just 6750 miles and a full dealership service history, all backed by Skoda manufacturer approval. This one owner vehicle, finished in the SE trim, is powered by an efficient 1.0 litre petrol engine meeting Euro 6 emissions standards. It comes equipped with desirable features such as full LED headlights for superior visibility, rear parking sensors to aid manoeuvring, and dual zone climate control for personalised comfort. Connectivity is seamless thanks to Wireless Smartlink, offering both Android Auto and Apple CarPlay integration.

The appeal of this Skoda Kamiq extends to its running costs, with an impressive fuel economy of 51 miles per gallon. Furthermore, its low insurance group and low CO2 emissions highlight its cost effectiveness and environmental consideration, making it a smarter choice compared to many other vehicles in its class.
